Request

On behalf of Blind of Civil Victims of War II Association we kindly request the Jewish Claims Conference for assistance. The information obtained from competent sources were delighted many messages of total compensation awarded to victims rightly represented by the JCC from the German Government for the enormity of suffering unprecedented persecution and murder. German authorities finally begin to understand what harm caused to civilian victims of war

We, the blind victims of the pacification of villages and towns, survived murderous bombardment, displacement and terror of the German occupiers against Polish civilians, and we are still victims. We are a Polish civilian victims of the occupation by Germany since the early days of September 1939 to 1945.

It has been long trying to make amends for our trauma, disability and harm, which left a lasting impression on our lives, but so far, to no avail. We count on the support of the expert so that the JCC. We kindly ask you to provide us with the legal basis on which the Federal Republic of Germany awarded compensation to the JCC. We do not know the law and they could be very helpful to us,
